

ABOUT US

PND Machining Inc is an ISO 9001 locally governed and operated joint venture located in Georgetown Guyana specializing in manual and CNC precision machining and fabrication services, with value added customer service.

Our goal is to provide our customers with fast and accurate machining and fabrication services!

Our principal implements are quality machinery, skilled & certified local employees, latest technological and mechanical techniques, high quality control standards and optimum customer service.

PND Machining provides customers with high quality complete manufacturing and repair solutions for metal and plastics components and assemblies.
